

MAXLAWN

Premium Lawn Care

Grub Control

- Kills Grubs Now and Prevents Them From Damaging Your Lawn All Season Long
- Grubs stop feeding and are Combed With Urine
- Also Controls Lawn Damaging Armyworms, Cutworms and Sod Webworms
- 7.6% Methil D

Insect Control

- All-in-one 0.15% Lawn Care is also an excellent solution for the control of annual pest problems
- Controls a wide variety of listed insects above and below the ground surface:
 - Fleas
 - Ticks
 - Mosquitoes
 - Chinch Bugs

Crabgrass Preventer 22-3-8

- Contains Crab Guard® 0.10% (Diflufenican) Herbicide
- Non-staining - no staining on sidewalks or driveways
- Controls crabgrass and control or suppression of many other annual grasses and broadleaf weeds in established lawns
- Can be applied 4 weeks later than other pre-emergent crabgrass preventers
- Early post-emergent control of crabgrass
- Includes 30% slow release nitrogen for ESTERIFIED feeding
- High potassium to help against disease drought and to improve plant hardness
- One application provides 3 lb. nitrogen per 1,000 sq. ft.
- Contains 1% S and 1% Fe

Winterizer 22-8-12

- Specially formulated to maximize root building and winter hardiness
- Prepares your lawn for winter dormancy
- Fall feeding increases the carbohydrate in the plant providing for a healthier winter dormancy
- Very high potassium analysis to prepare the turf for the stresses of winter dormancy
- Promotes a thicker greener lawn next spring
- One application provides 8 lb. nitrogen per 1,000 sq. ft.
- 20% Slow Release Nitrogen for a longer lasting green lawn
- Iron sulfate enhances a lusher richer deeper green
- Contains 1% S and 1% Fe

Lawn Food 28-3-8

- The REAL all-season fertilizer
- One application provides 1 lb. nitrogen per 1,000 sq. ft.
- For use on all varieties of grass
- 20% Sulfur treated urea for a longer lasting green lawn
- Iron sulfate enhances a lusher richer deeper green
- Iron sulfate - non-staining iron
- Balanced formulation to meet the demands of most turfgrasses under a broad range of soil types & conditions
- High potassium for disease/drought resistance and plant hardness
- Contains 3% S and 1% Fe

Weed & Feed 25-3-6

- Contains Wildfire Herbicide - new broadleaf weed control product
- Controls over 200 broadleaf weeds
- 4-way activity for 2,4-D, 2,4-DB, BRUALACLAF WEED CONTROL
- One of the highest active ingredient labels on the market - 1.97% Active Ingredient
- MTPINTEO ESTER/ACID Formulation
 - Immediately available for weed uptake
 - Aids in adhering product to the weed
 - Promotes leaf surface absorption
 - Effective under cool conditions
- Premium efficacy without paying a premium price
- Competes against the national brand
- One application provides .9 lb. nitrogen per 1,000 sq. ft.
- Includes 20% slow release nitrogen for extended feeding
- Contains 2% S and 1% Fe

Starter Fertilizer 12-24-6

- Provides a generous supply of nitrogen, phosphorus and potassium for establishing a newly seeded or sodded lawn
- Specially formulated to maximize root building
- Promotes thick turf and a healthy root system
- Optimum supply of phosphorus for establishing the root system
- All-Mineral starter that is available to the plant immediately
